

# Do You Have Any of the Following Conditions?

- Arthritis
- Bone-on-bone
- Knee Pain
- Bursitis
- Cartilage damage
- Crunching & popping sounds
- Tendonitis

Living with knee pain can feel like a crippling experience. Let's face it, your knees aren't as young as they used to be, and playing with the kids or grandkids isn't any easier either. Maybe your knee pain keeps you from walking short distances or skiing like you used to.

Nothing's worse than feeling great mentally, but physically feeling held back from life because your knee hurts and the pain just won't go away!

My name is Dr. Margaret Mertens, owner of Anew Health. Since we opened, we've seen hundreds of people with knee problems leave the office pain free.

If you're suffering from these conditions, a new breakthrough in medical technology may completely eliminate your pain and help restore normal function to your knees.

## Finally, An Option Other Than Drugs or Surgery

Cold Laser is an outpatient, non-surgical procedure often used in physical therapy and sports medicine to accelerate the healing process. It offers non-invasive treatment to promote healing for those who suffer from pain in muscles, nerves, and joints like that associated with chronic knee pain. This same laser is used by professional sports teams including the New York Yankees and Cincinnati Bengals.

## It Promotes Rapid Healing Of The Injured Tissues

This pain-free, non-surgical approach works by stimulating the body's natural healing processes, providing pain relief and reducing injury damage.

This leading edge technology has an impressive success rate of returning patients to work, sports and competitive activities, as well as everyday life.

Patients treated with the Cold Laser often show a higher level of function both during and after the treatment period. The therapeutic laser provides a tremendous alternative for those facing surgery.

## Could This Non-Invasive, Natural Treatment

### Be The Answer To Your Knee Pain?

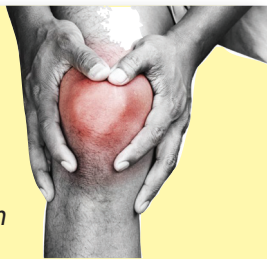

For the next two weeks only, I'm running a very special offer where you can find out if you are a candidate for Cold Laser therapy.

What does this offer include? Everything I normally do in my "Knee Pain Evaluation". Just call and here's what you'll get...

- An in-depth consultation about your problem where I will listen...really listen...to the details of your case.
- A complete neuromuscular examination.
- Two therapy demonstrations.
- A thorough analysis of your exam findings so we can start mapping out your plan to being pain free.
- You'll see everything first hand and find out if this amazing treatment will be your pain solution, like it has been for so many other patients.

*"Love, love, love! I hurt my knee and it was swollen and hard to walk. Within a few therapy sessions and some adjustments, I was so much better! Then I re injured my knee. Ugh. Within a few more therapy sessions and adjustments, my knee was better than before! They are miracle workers! I am blessed. Thank you Margaret and team. Your skill and expertise is first rate! I will always recommend Anew Health"*

-Alanna F

*"Anew's approach goes beyond what you find with most chiropractors-they actually take the time to diagnose your problems & offer real solutions rather than just relieve your symptoms. They offer so much more than traditional chiropractic services."*

-Cory H

The normal price for this type of evaluation is \$450; so you're saving a considerable amount by taking me up on this offer.

Remember what it was like before you had knee problems – when you were pain free and could enjoy everything life had to offer? It can be that way again. Don't neglect your problem any longer – don't wait until it's too late.

## Here's what to do now:

Due to the expected demand for this special offer, I urge you to call our office at once. The phone number is 715-384-9064.

Call today and we can get started with your consultation and exam as soon as there's an opening in the schedule. Tell the receptionist you'd like to come in for the Knee Evaluation.

*Yours in Good Health,  
Margaret Mertens, D.C.*

## P.S. Now you might be wondering...

### "Is this safe? Are there any side effects or dangers to this?"

The FDA cleared the first Cold Laser in 2002. This was after their study found 76% improvement in patients with pain. Don't wait and let your knee problems get worse, disabling you for life. Take me up on my offer and call today, 715-384-9064.
